Egis is awarded a toll operation services contract of the NH-215

The concession company BETPL (Bangalore Elevated Tollway Private Limited) has awarded the contract for the toll operation of the National Highway NH-215 to Egis for eight years.

The NH-215 is a 10 kilometers (6,2 miles) long elevated highway connecting Madiwala to Electronic City in Bangalore, India. The project is a part of the 24 Km project highway on Bangalore – Hosur section of NH-44. This road link, one of the most popular in Bangalore, improves the connectivity of the Electronic City, home to some of the Global IT companies to the City.

Egis shall operate the four toll plazas with 33 lanes.

The Project is also part of “Golden Quadrilateral”, the most prestigious National Highway Development Programme undertaken by Government of India.

The concession company BETPL, a subsidiary of the leading road infrastructure company - Highway Concessions One Pvt. Ltd., awarded this toll operation contract to Egis till the end of concession period in July 2026.

For almost 20 years, Egis has been involved in numerous structuring projects to modernize and develop the whole infrastructures of the country, by intervening in the fields of transport (air, rail, road, maritime), building, urban development, water, or the environment.

The Indian road network is the third largest one in the world after the United States and China. For several years, Egis has been involved in many projects to upgrade and develop the entire road infrastructure of the country. This new operating contract strengthens the willingness of Egis to contribute to the sustainable economic and social development of India.

World leader in motorway and toll operation, Egis operates more than 3200 km of motorways around the world, with 62 km of tunnels used daily by 3 200 000 vehicles.

About the Egis group

IMAGINE. CREATE. ACHIEVE.
a sustainable future

At Egis, our 13,600 people are dedicated to supporting energy, ecology, digital and territorial transition to shape tomorrow's world.

We draw on our capacity for innovation and our ability to ingeniously transform ideas into solutions that are tangible, operational and, most importantly, useful for our clients all over the world.

Our assignments lead us to operate in a wide range of domains addressing the major challenges of the planet, such as transport, buildings, water, the environment, energy, urban development and mobility services. To deliver them, we call upon a broad spectrum of disciplines, ranging from the design of infrastructure to its operation, also including consulting, turnkey delivery and project structuring.

Egis is a 75%-owned subsidiary of Caisse des Dépôts, with the remaining 25% held by partner executives and employees. The Group generates more than one billion euros of managed revenue.
